- Data Warehouse Certification, SIIT India – 2020
- Business Intelligence Certification, SIIT India – 2019
- The Fundamentals of Digital Marketing, GOOGLE – 2019
- Data Mining Certification, SIIT India – 2018
- Microsoft Excel Certification, SIIT India – 2015

Experience

ShakaraFab Limited, Lagos – Data Analyst / IT Support

January, 2019 – Currently.

Key responsibilities:

- Designing and maintaining data systems and databases; this includes fixing coding errors and other data-related problems.
- Mining data from primary and secondary sources, then reorganizing said data in a format that can be easily read by either human or machine.
- Using statistical tools to interpret data sets, paying particular attention to trends and patterns that could be valuable for diagnostic and predictive analytics efforts.
- Preparing reports for executive leadership that effectively communicate trends, patterns, and predictions using relevant data.
- Collaborating with programmers, and organizational leaders to identify opportunities for process improvements, recommend system modifications, and develop policies for data governance.
- Creating appropriate documentation that allows stakeholders to understand the steps of the data analysis process and duplicate or replicate the analysis if necessary.
- Coordinating website backend analytics and vendors database.
- Validating of vendors store uploads and email newsletters design.

Datafactoryng Limited, Lagos – Data Analyst
December, 2017 – December, 2018.

Key responsibilities:
- Managing master data, including creation, updates, and deletion.
- Managing users and user roles.
- Processing confidential data and information according to guidelines.
- Develop reports and analysis.
- Managing and designing the reporting environment, including data sources, security, and metadata.
- Supporting the data warehouse in identifying and revising reporting requirements.
- Generating reports from single or multiple systems.
- Evaluating changes and updates to source production systems.
- Training end users on new reports and dashboards.
- Providing technical expertise on data storage structures, data mining, and data cleaning.

InnovationMatters Limited, Lagos – Data Analyst Intern
July, 2017 – November, 2017.

Key responsibilities:
- Interpret data, analyze results using statistical techniques and provide ongoing reports
- Develop and implement databases, data collection systems, data analytics and other strategies that optimize statistical efficiency and quality
- Acquire data from primary or secondary data sources and maintain databases/data systems
- Identify, analyze, and interpret trends or patterns in complex data sets
- Filter and "clean" data by reviewing computer reports, printouts, and performance indicators to locate and correct code problems
- Work with management to prioritize business and information needs
- Locate and define new process improvement opportunities

Education

Ambrose Alli University, Edo State.
BACHELORS DEGREE IN STATISTICS
(Second Class Honors, Upper Division)
2014 – 2018

Awards
